ANKIT SURYAWANSHI

ankitsuryawanshi99892@gmail.com | Linkedin: Ankit Suryawanshi

TECHNICAL SKILLS

- Python, C, C++
- Data Structure and Algorithm.
- HTML,CSS, Javascript, Django.
- Numpy, Pandas

PROBLEM SOLVING PLATFORM

LeetCode: Visit profile
- Solved 200+ algorithmic and data structure problems and attended 10+ weekly coding contest.

GeeksForGeeks: Visit profile
- Solved 310+ problems covering various computer science concepts and attended 10+ coding contest..

HackerRank: Visit profile
- Achieved 5 star in Python and 3 Certificates for problem solving.

PROJECTS

Website for Cafe shop **(June 2023 - July 2023)**
- To enhance my frontend skills, I have created this website using HTML,CSS and JavaScript. for cafe shop.
- **Repo Link:** View Repository

Social Media App **(April 2023 - Aprit 2023)**
- This social media Website I have developed using HTML, CSS, javascript and django framework.
- **Repo Link:** View Repository

Home Price Predictor
- I have developed this basic model using data analytics tools such as numpy, pandas.

EDUCATION

Batchler of technology in Computer Science   (2021-2025)

ACHIEVEMENT

- Achieved 2 certificates of problem solving (Basic and Advance) and 1 Python Basics from HackerRank.
- Taught more than 200 people through online classes.
